General Hint - One way to find this SWC is with "Advanced Search" entering the contract number (three letters two digits) in the "Description" field.

The exact purchase price of a drug is viewable in Cardinal Health's electronic catalog. For most products, the purchase price is Cardinal's acquisition cost minus a percentage based on payment timing. Cardinal's standard pricing is cost minus 2.97% for 45 day payment. Lower prices are available for users that pre-commit with Cardinal to make earlier payments: cost minus 3.34% for 30 day payment; or cost minus 3.53% for 22 day payment; or cost minus 3.67% for 15 day payment; or cost minus 3.77% for 9 day payment; or cost minus 3.81% (-4.10% in two year extension 7/1/14-6/30/16) for 7 day payment. The State Office of Pharmacy Services (SOPS) Tewksbury Central Distribution Center Pharmacy (CDCP), which is the primary purchaser of pharmaceuticals, has committed to the 7 day payment term. If no acquisition price is established for an item, then the acquisition price used will never exceed the drug's manufacturer published Wholesale Acquisition Cost (WAC), the standard price a wholesaler pays a manufacturer for a drug.

When a purchaser requests that Cardinal order a product it does not carry or list on its online catalog to be dropped shipped directly from a manufacturer to the purchaser, Cardinal's percentage will be zero percent (0%) in determining the Net Price. This means the purchaser would pay Cardinal the same price the manufacturer charged Cardinal.

Additional Information

Geographic service and delivery areas

Cardinal Health will be able to provide the requested service(s) throughout the Commonwealth.

Group Purchasing Organization (GPO)

A group purchasing organization is an entity that helps healthcare providers — such as hospitals, nursing homes and home health agencies — realize savings and efficiencies by aggregating purchasing volume and using that leverage to negotiate discounts with manufacturers, distributors and other vendors of health supplies such as pharmaceuticals, biologics, medical/surgical equipment, laboratory supplies, and capital equipment. GPO's actively negotiate contracts with manufacturers on behalf of their members, and/or provide their members access to the purchasing contracts of other GPO's. The Commonwealth's GPO for this contract is Managed Healthcare Associates (MHA). MHA is not itself a vendor on this contract. Their roles are: establishing with manufacturers the vendor's acquisition price of a drug (from which the purchaser's net price is calculated), checking pricing for accuracy (vendor will issue credits or debits as needed), and identifying when a purchaser could have purchased a less expensive drug. The State Office for Pharmacy Services (SOPS) handles these pricing transactions for all facilities under its control. Further information on GPOs from their association is posted on the Forms and Terms tab of the Contract.

Product Specifications

- All items sold under this contract will be compliant with all applicable Federal laws and regulations such as FDA 21 CFR at time of sale; and all applicable Commonwealth of Massachusetts Laws and Regulations; and when applicable meet City of Boston Fire Code standards.
- Cardinal will not deliver pharmaceuticals with an expiration date of less than six (6) months without permission of the chief pharmacist or designee at a purchaser.
- Cardinal will primarily ship orders in sealable plastic totes that will be picked up by Cardinal and reused for future deliveries.
- Cardinal will provide adhesive shelf barcode labels that have the SKU and description of the drug with each order, or when requested by Purchasing Entities.

Ordering

An account must be established with Cardinal Health prior to placing orders. In order to purchase prescription products, a purchaser must have a licensed pharmacy and DEA certificate and the address of that license is where they must be delivered. Some facilities obtain prescription products from the State Office for Pharmacy Services (SOPS). Healthcare settings without a pharmacy license may set up an OTC only account with Cardinal Health.

Cardinal will not fill backorders unless specifically requested by a purchaser.

SOPS and Shattuck Hospital

When the COMMBUYS Request for Payment Authorization (RPA) is activated, use it to document purchases after the fact based on authorization to order outside of COMMBUYS. [Request for Payment Authorization \(RPA\)](#)

Delivery

All deliveries containing prescription drugs must be made directly to the Pharmacy. No Delivery Fuel or other Surcharges will be assessed to the Commonwealth.

a) Delivery to SOPS CDCP

The SOPS CDCP at Tewksbury has specific delivery requirements that are different from other locations purchasing from the Contract. All deliveries will be Monday through Friday at the CDCP with the exception of major holidays when Cardinal is closed.

b) Delivery to Other Sites

Cardinal will provide next day delivery Monday through Friday for orders placed before 8 PM with the exception of major holidays when Cardinal is closed, in which case delivery must be made on the next business day. Deliveries will be made before 10 AM.

c) Drop Ship Delivery

When a purchaser orders a product that Cardinal routinely carries or is Cardinal's online catalog and Cardinal has it dropped shipped directly from the manufacturer to the purchaser, Cardinal will use the standard price % for the purchaser. The purchaser must give permission for routine drop ships.

When a purchaser requests that Cardinal order a product it does not carry or list on its online catalog to be dropped shipped directly from a manufacturer to the purchaser, Cardinal's percentage will be zero percent (0%) in determining the Net Price. This means the purchaser would pay Cardinal the same price the manufacturer charged Cardinal.

d) Drop Ship Delivery for DPH TB Control Program

Cardinal will provide Department of Public Health's TB Control Program with drop ships to their TB clinics and depots when requested.

e) Emergency Delivery

Cardinal will provide emergency delivery. Cardinal may add the actual cost of the delivery service to the Net Price providing Cardinal notified the purchaser prior to shipping the order.

Returns

Items ordered in error or wrongly shipped in original packaging and in saleable condition may be returned for full credit if Cardinal is notified within 7 calendar days of the delivery date. No shipping costs or restocking charges will be assessed to the Commonwealth and pickup will be within 3 calendar days of the request. The State Board of Pharmacy Services may establish additional agreements for return of saleable drugs.
